

## Daily Morning Worship Thursday 16<sup>th</sup> April

Today at school in our worship we thought about the magnificence and importance of trees.

We reflected on all the things that trees give us, how they sustain life on our planet.

We also thought about the life of Jesus and the way trees are woven into the story from the wooden manger where Jesus was born, to the trees that provided shelter and a safe place for Zacchaeus to the wood of the cross.

We also thought about our favourite tree.

The pictures below are just a few of my favourite trees and woods in Cornwall and beyond.

Which of the trees do you like best? Why?

I wonder if you have a favourite tree. Can you take a photo of it? Could you try drawing it with all the glorious detail of the patterns on the bark and the leaves? Can you tell the story of your tree?

Dear God,

We thank you for the beauty, diversity and magnificence of trees. Help us to care for your creation and value the new life that we see each year in Spring.

Amen
