

Daily Morning Prayer Thursday 26th March

This heart of prayers was created by class 3 and 4 at St Mary's C of E Primary School last week.

The children express worries, concerns and ask for help but are also thankful for the world.

The children's thoughts align closely with those that we are all experiencing at this challenging time.

Let us pray today for all children and families in our community, help those who are worried but also help us remain generous to others and thankful for the world around us.

Please join in with the Lord's Prayer at 11 am today and every day.
